December 2025

Tis the Season,

One of the requirements of our non-profit status is to make charitable donations. Each year we give some of WPW funds to one selected organization (this year it will be Inner City Arts) and choose another to whom our members are able to make a donation. This year one of our charitable donations will be to Agape Village, where our Philanthropy Committee chair, Gloria Cassidy, is one of the volunteer teachers. She has written a wonderful description of their work, which you can read below.

You can make your end of year donation to Agape several ways.

1) If you're attending our Holiday Party - yes, that's coming right up, details on the website or in other emails that are going out - deadline December 1st - you can pay for the party and donate for Agape on the WPW website [here](#). Mark 'Holiday Party and Agape Village donation'

2) If you're not attending the holiday party a check in the mail works fine: WPW, 13636 Ventura Blvd. #294, Sherman Oaks, CA 91423

or Zelle or Paypal - information on the website as ever. Just be sure to mark it 'Agape Village' somewhere!

Donations will be accepted through the end of the year.

Thank you - and I hope to see you at the holiday party.
Jeni.

PHILANTHROPY

MESSAGE from Gloria

I am writing with immense enthusiasm to put forth Agape Village as an exceptional and profoundly deserving candidate for our upcoming philanthropic support. This organization embodies a remarkable dedication to cultivating transformative change, not merely by offering direct assistance to adults with special needs, but by actively enriching the entire community around them.

Agape Village's Day Program provides an invaluable support for adults navigating life with unique physical, social, or cognitive disabilities. What truly distinguishes their holistic approach, and what I believe will resonate with our philanthropic vision, is their incredibly impactful art program which goes far beyond simple recreation; it serves as a vital conduit for therapeutic expression and creative development. Participants are expertly guided by a dedicated team of local, experienced artists who generously volunteer their time, conducting engaging and consistent sessions twice a month.

We've recently learned that the art club is considering an exhibition later this year, with the goal of showcasing the participants' artwork in a local gallery. This event promises to be more than just a display; it's a powerful platform for recognition, celebrating each artist's unique voice and boosting their confidence. It also fosters meaningful community engagement.

I am genuinely convinced that Agape Village's inspiring mission, coupled with their tangible and impactful results, aligns with our organization's core philanthropic objectives. Their commitment to fostering self-worth, community integration, and artistic development among a vulnerable population truly exemplifies the kind of positive change we strive to support.

I encourage you to explore their "About Us" page on the Agape Village website. <https://www.agape-village.org/>

This show would be centered around species and landscapes "on the edge" of survival. It would highlight plant and animal species that are endangered, or threatened, or even extinct. ALSO areas of land set aside for conservation & preservation of these species. We would be presenting this show with the purpose of bringing attention to the beauty and fragility of some of California's disappearing species, as well as promoting better protection and stewardship of our ecosystems. We can choose any natural spaces that we feel have been dedicated to the protection and preservation of nature.
